

Lewis and Clark Slept Here
(Clarksville, New Albany and Jeffersonville)

Day One

Start your journey in Clarksville at the Falls of the Ohio State Park. Here you'll find 386-million-year-old Devonian fossil beds naturally exposed. The park features a spectacular interpretive center overlooking the fossil beds. See the new Lewis and Clark film "Spirit of the Land" and learn the significance of the Falls to the Lewis and Clark Expedition.

View Clark's Point and walk through the replica cabin of George Rogers Clark. Here the site where William Clark (George's younger brother) and Meriwether Lewis teamed up. They recruited members for the expedition and left this site October 26, 1803.

Set sail from the Indiana shore of the Might Ohio River on the Star of Louisville. Enjoy a delicious meal prepared by a world-class chef for lunch, dinner or Sunday brunch.

In New Albany, tour the *Adventure West with the Famous Floyds* exhibit at the Carnegie Center for Art and History. Sgt. Charles Floyd was one of the "nine young men from Kentucky" personally selected by William Clark for the Lewis and Clark expedition. Meet the rest of Charles Floyd's family and discover the impact they had on the settlement of the Ohio River Falls region.

Visit the home of William S. Culbertson, one of Indiana's leading merchants and philanthropists and an original investor in Churchill Downs, which was founded by Meriwether Lewis Clark, Jr. (grandson of William Clark). Completed in 1869, this State Historic Site features hand-painted ceilings and mahogany woodwork.

Spend the evening at the Derby Dinner Playhouse. Enjoy live-stage productions and a plentiful buffet.

Day Two

In Jeffersonville, tour the Howard Steamboat Museum. This 1893 Victorian Mansion houses a magnificent museum dedicated to riverboat history.

Spice up your life with a sampling of Schimpff's Confectionery's famous cinnamon hard candies. This 110 year-old candy store with antique soda fountain continues to make their candies the old-fashioned way.
